EK86 ATHLETICS / FOOTBALL BACKGROUND

Football is part of the story.

Eli's football background informs EK86 Athletics, an athlete-owned brand shaped by the game, personal style, and thoughtful collaborations.

Eli Kestenbaum is an American football athlete and the founder of EK86 Athletics. His football background includes joining the Dean College football program as a tight end wearing #86, following earlier football experience at Lawrence High School and the Tel Aviv Pioneers.

As an athlete on the autism spectrum, Eli brings a unique perspective to football and life, demonstrating that determination, individuality, and perseverance can help turn challenges into opportunities.

Eli is currently on a leave of absence from Dean College, not withdrawn or retired. He is focused on personal growth, new opportunities, and what comes next.

EK86 Athletics brings that football background into an athlete-owned brand built around personal style, community, and thoughtful collaborations.
